

Whippet Bio Thomas Münch

Whippets have been an important part of my life for more than thirty years.

The breed's natural beauty and athleticism, wrapped in a relatively small package, have made them impossible to resist ever since.

Over the years, I have been fortunate to have been able to import a number of influential Whippets from the breed's native country and North America.

A very limited amount of litters has been bred under my prefix "FlicFlac" (jointly owned Reinhard Seim) resulting in a number of Champions in Germany and beyond.

These include the litter sisters U.K. Ch. FlicFlac Kiss of Gold at Pencloe (Britain's first imported Whippet bitch Champion) and Int. Ch. FlicFlac Kiss of Love (a top winning and producing Whippet for the "Adagio" prefix in Sweden). Both were sired by Ch. Lorricksbrook Bandleader (Int., Am., Can. Ch. Sportingfield Jazz Fest out of Am., Can. Ch. Nevedith Justa Jigsaw; bred by and imported from Max Magder in Canada) and out of Int. Ch. Pencloe Dutch Amber (a daughter of the Crufts BIS winning Ch. Pencloe Dutch Gold imported from Morag Bolton-Lockhart in the U.K.).

At present, there are three Whippet bitches at home; all of which have a mixed Anglo-American background but are related to the individuals mentioned above.

I do feel privileged to have been able to see and judge our lovely breed in many corners of the world including Britain, Scandinavia, mainland Europe, Australia, South Africa and North America.

Apart from Whippets, I am also licensed to judge Greyhounds, Deerhounds, Irish Wolfhounds, Salukis and Afghan Hounds. I am currently in the process of becoming an FCI sighthound group judge.

I live just south of Frankfurt and work as a physician for the Federal German Army Administration in Wiesbaden, Germany.

Not having been invited to judge in the Czech Republic before, I am much looking forward to seeing how Whippets and Greyhounds have developed in your country.
